

Curriculum Extension Activities (CEA) information 2026

Sacred Heart College offers a broad Curriculum Extension Activities (CEA) Program giving our students the opportunity to participate in a range of sports, music and clubs. Participation in these activities provides a great opportunity for students to be more connected to the College and their peers, whilst pursuing a passion or learning a new skill. It also provides teachers and parents/caregivers the opportunity to form partnerships in the education of our students.
