

SEQTA Engage login and basic elements overview

How to login guide

1. Welcome email

Upon your child's commencement, your access to SEQTA Engage begins on receipt of an email from the College. This individualised email invites you to set up a SEQTA Engage account with the College. A copy of this email is illustrated below.

2. Accessing SEQTA Engage – connecting from your personal computer (PC)

You can connect to SEQTA Engage on your PC directly from the individualised email you have received from the College. Clicking on the blue highlighted 'set up your account now' will take you to the log in screen shown below. At this point you can enter your own unique username and password.

Please note: our personalised email is a one-time email to all parents/caregivers. You will only have one week to complete this process before the link expires. The College will send reminders to all parents/caregivers via SMS prior to this closure date.

Having set your username and password you will be taken to the welcome page of SEQTA Engage.
